1967
ANNUAL REPORT
OF
MUNICIPAL STATISTICS

PUBLISHED UNDER THE AUTHORITY OF

THE HONOURABLE J. A. NOLAN

MINISTER OF MUNICIPAL AFFAIRS AND HOUSING

DEPARTMENT OF MUNICIPAL AFFAIRS AND HOUSING

ST. JOHN'S, NEWFOUNDLAND

101-05224/

Honourable J. A. Nolan,

Minister of Municipal Affairs

Sir,

I have the honour to submit the report on the finances of the municipalities of Newfoundland for the financial year 1st. January to 31st. December, 1967.

I have the honour to be, Sir,

Your obedient servant,

H. U. ROWE,

Deputy Minister of Municipal Affairs.

FOREWORD

An important development affecting local government during 1967 was the decision of the Government of Newfoundland and Labrador to assume responsibility for the operation of municipally owned electrical utilities, in conjunction with its rural electrification program. The effective date of the transfer of ownership was July 1st, and, thus, as indicated in this Report, the relevant Statements of Revenue and Expenditure are for a period of six months.

While steady progress has been made in the provision of new municipal services, the current monetary situation necessitated the deferment of a number of major capital works. There was a consequent reduction in total capital borrowings in comparision with the previous year. The facilities of the Newfoundland Municipal Financing Corporation were available for the first time in 1967, but the condition of the bond market restricted the marketing of debentures by the Corporation.

Notwithstanding the difficulties experienced by many municipalities in completing their capital works programs, the standard of public services generally has been maintained and, in many cases, improved. This is, I feel, a tribute to the members of the various councils, whose services, except in the City of St. John's, are provided without remuneration. On behalf of the Government of Newfoundland and Labrador and the Department of Municipal Affairs, I wish to express our appreciation for the valuable contribution they have made and are continuing to make to the development of local government.

JOHN A. NOLAN,
Minister of Municipal Affairs

INTRODUCTION

MUNICIPAL GROWTH

At the end of 1967, there were 165 incorporated areas in the Province comprising two Cities, one Metropolitan Area, sixty-three Towns, four Rural Districts, fifteen Local Improvement Districts and eighty Communities. Thirteen new municipalities were established during the year consisting of five Local Improvement Districts and eight Communities, and one Community had its status changed to that of a Town. The total municipal population is now approximately 320,000, which represents more than 60 per cent of the total population of the Province. Revenue from local sources, amounting to $13,165,230.00, exceeded that of the previous year by $1,165,450.00, and grants from the Province totalled $4,156,022.00 in comparison with the 1966 figure of $3,523,866.00. Grants received from the Government of Canada, mainly on account of cost sharing under the Centennial Grants and Winter Works Programs, totalled $204,696.00, and were exclusive of grants in lieu of taxes which are embodied in real property revenues. Total municipal expenditure in the amount of $18,226,716.00, including capital expenditures out of revenue in the amount of $1,850,819.00, reflected an increase of $2,199,798.00 over that of 1966. The total value of fixed assets at $91,328,-949.00 exceeded that of the previous year by $16,562,750.00, but works in progress valued at $3,560,516.00 decreased by $8,641,478.00.

DEBENTURE DEBT

The total unmatured debenture debt at December 31, 1967, was $26,123,109.00. Debentures retired during the year amounted to $1,163,700.00. The only debentures sold in 1967 consisted of the following issue for the City of St. John's:

Municipality	Date of Issue	Term In Years	Date of Maturity	Amount of Issue	Coupon Interest Rate	Price Paid In Relation To Par
City of St. John's	April 1, 1967	20	April 1, 1987	$2,000,000	6½%	$96.64

REVENUE AND EXPENDITURE

Gross municipal revenues for 1967, including Federal and Provincial grants totalled $17,525,948.00. Revenue from local sources amounted to $13,165,230.00, of which $11,350,477.00 was derived from taxation.

Provincial Government Grants

Grants to the municipalities amounted to $4,156,022.00, including $20,000.00 in statutory grants to the City of St. John's, and $400,000.00 in annual operating grants to the City of Corner Brook. Also included in the total Provincial grant was an amount of $216,295.07, representing a special 20 per cent subsidy introduced in 1967 on water and sewerage rates collected in respect of residential properties. Excluded from the grant of $4,156,092.00 is an amount of $866,-057.00 paid to municipalities participating in the Provincial-Municipal Street Paving Program. In addtion to the specific grants aforementioned, the following grants are paid to municipalities outside of the Cities of St. John's and Corner Brook:

Revenue Grants

These are paid to all Councils incorporated under The Local Government Act and The Community Councils Act on the following basis:

(1) $2.00 for $1.00 on collections up to $1,000.

(2) $1.00 for $1.00 on collections from $1,000 up to $5,000.

(3) $0.90 for $1.00 on collections from $5,001 up to $15,000.

(4) $0.70 for $1.00 on collections from $15,001 up to $25,000.

(5) $0.50 for $1.00 on collecions from $25,001 and upwards to a maximum payment of $75,000.

Initial Grants

The purpose of these grants is to enable new municipalities to set up office and inaugurate essential services prior to receipt of taxes for the first financial year.

Per Capita Grants for Roads

As the title indicates these grants are determined in accordance with the number of persons living in the area served and are paid to Local Road Boards and municipalities established under The Local Government Act and The Community Councils Act. The present rates are as follows:

(1) in all Local Road Board and Community Council areas having highroad connections annual grants to be computed on the basis of $400.00 per mile plus $1.00 per capita of population;

(2) in respect of Town Councils, Rural District Councils and Local Improvement Districts a grant of $2.50 per capita of population to be made; and

(3) in all Local Road Board and Community Council areas without highroad connection annual grants to be awarded on the basis of $3.00 per capita of population.

Emergency Assistance Grants

These grants are made in exceptional cases, where, in the opinion of the Minister of Municipal Affairs, an urgent need exists.

CONCLUSION

The marked decline in capital expenditures out of capital funds during 1967 is indicative of the prevailing tight money situation, which resulted in some curtailment in the installation of new municipal services and the extension of existing servces. Unless there is a considerable improvement in this situation, it is anticipated that municipalities will continue to experience difficulty in financing major capital works during the coming year.
